THE BEST NATURE HAS TO OFFER

BIO-Clean

SURFACE
TOXINS

Germs
Viruses
Bacteria
Mycotoxins
Allergens

BIO-Clean is the only all-natural biological solution for daily surface cleaning. Replace toxic ammonia and chlorite-based cleaning solutions. Applied by spraying on to hard and porous surfaces, BIO-Clean will consume bacteria, viruses, germs, pollen, allergens, and molds. Excellent for use on countertops, tables, sinks, appliances, door handles, keyboards, and any frequently touched areas. It's also great for use as a floor cleaner when mopping. A clean lemon scent is provided by the lemon oil ingredient, no fragrances, or perfumes. BIO-Clean remains active on surfaces for up to 24 hours.

Ingredients

- Biologicals (Plant-Based)
- Essential Oils
- Botanical Surfactants
- Vegetable Oils
- Nutrients
- Purified Water
