

HEALTHY HOMES INC

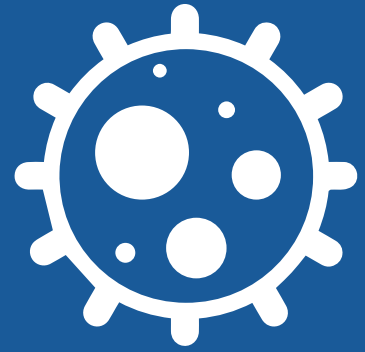

THE BEST NATURE HAS TO OFFER

DE-Mold

SURFACE & AIRBORNE TOXINS

COMMERCIAL GRADE

Air Sterilization For:

- MOLD
- BACTERIA
- VIRUSES
- GERMS
- ALLERGENS

DE-Mold is the only commercial strength biological solution for mold remediation projects and disinfecting treatments! DE-Mold targets all airborne and surface plated mold spores, mycotoxins, surface molds, mycelium, and hyphae. The active ingredient in DE-Mold is a blend of plant-based biological organisms that consume molds, viruses, and bacteria. Thyme oil assists with surface cleaning and disinfecting. Other airborne pollutants and irritants, including allergens and pollen, are also consumed.

DE-Mold is ONLY available for application through our professional service network – visit our website to learn more!

Ingredients

- Biologicals (Plant-Based)
- Thyme Oil
- Vegetable Oils
- Nutrients
- Purified Water
