THE BEST NATURE HAS TO OFFER

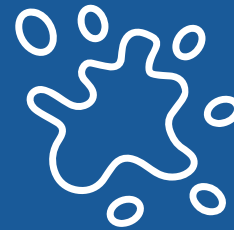

## RE-Hydro

### COMMERCIAL GRADE

Molds  
&  
Bacteria

Grease  
&  
Organic Stains

RE-Hydro is a commercial strength hydrogen peroxide surface cleaner for mold remediation projects and disinfecting treatments. RE-Hydro is blended with technical grade hydrogen peroxide, botanical surfactants and purified water for an all-natural, commercial strength surface cleaner. MAY be used with a BOOST additive to remove deep grease and oil stains such as black molds on attic sheathing. RE-Hydro is proven to be a fantastic restoration solution and all-around surface cleaner. RE-Hydro is ONLY available for application through our professional service network – visit our website to learn more!

### Ingredients

- Hydrogen Peroxide
- Botanical Surfactant
- Purified Water
