

HEALTHY HOMES INC

THE BEST NATURE HAS TO OFFER

UN-Odor

Targets And Destroys:

**BACTERIA
&
NON-BACTERIA
ODORS**

UN-Odor is the only all-natural biological solution to consume odors and the source of the odor. When fogged into spaces, UN-Odor will attach to and consume airborne odors (malodor molecules) and get into pores of building materials (carpets, floors) to consume the source of odor (i.e. cat urine salts). UN-Odor effectively consumes biological and non-biological odors such as Smoke, Pet, Athletic, Must, Mildew, Mold odors to name a few. Fog into cigarette, cigar or fire smoke rooms or structures, fog into fabrics and furniture, carpets, fog into athletic gear, locker rooms, gyms – to name a few! UN-Odor should be used in a manner consistent with normal cleaning schedules.

Ingredients

- Biologicals (Plant-Based)
- Essential Oils
- Botanical Surfactants
- Vegetable Oils
- Nutrients
- Purified Water
