THE BEST NATURE HAS TO OFFER

DE-Mold

SURFACE & AIRBORNE TOXINS

COMMERCIAL GRADE

Air Sterilization For:

- MOLD
- BACTERIA
- VIRUSES
- GERMS
- ALLERGENS

DE-Mold is an all-natural probiotic solution for indoor air quality and mold remediation. Offered as a commercial solution, DE-Mold was developed to be fogged into structures to consume airborne contaminants and disinfect all hard and porous surfaces. Efficient and effective, with verified results, DE-Mold eliminates the use of toxic ammonia and chemicals. Eliminate the need to continuously run air scrubbers. DE-Mold biologicals are not consumed during the cleaning process and continue to work past application.

Ingredients

- Biologicals (Probiotic Blend)
- Thyme Oil
- Vegetable Oils
- Nutrients
- Purified Water
